

PROTOCOL #1
meetings of the expert commission of the international competition
StudentsCup-2022/2023
January 16, 2023, Ljubljana, SLO

The purpose of the work of the expert commission is to determine the winners of the international competition of student's scientific works for the first half of the competition (from July 2022 to December 31, 2022). 439 works from 9 countries were submitted to the competition. Due to the fact that a small number of entries were submitted at the levels of "primary secondary school" and "postgraduate studies", the winners of these levels of the competition will be determined only at the end of the academic year. In each scientific section, 3 winners are determined, indicating the places, depending on the average number of points scored from each expert.
