

PROTOCOL #1
meetings of the expert commission of the international competition
StudentsCup-2024/2025
January 13, 2025, Ljubljana, SLO

The purpose of the expert committee is to determine the winners of the international student research paper competition for the first part of the competition (from July 1, 2024 to December 31, 2024), period 2024/2025. 401 papers from 17 countries were submitted to the competition. Due to the fact that a small number of papers were submitted at the levels of "lower secondary school" and "postgraduate study", the winners of these levels of the competition will be determined as the pool of participants is formed. All papers of these levels received in this half-year remain active participants of the competition. In each scientific section, 3 winners are determined with an indication of places depending on the average number of points scored by each expert.
